

Aspiring Educators and Teachers Workshop The Gurukula

“Teachers are the backbone of any country, the pillar upon which all aspirations are converted into realities”

Dr. APJ Abdul Kalam.

Vision

The National Science Teachers Workshop aims to bring together hundreds of innovative, dedicated, and passionate science teachers from across the country. The goal is to promote experiential learning while emphasizing key concepts, ideas, applications, and problem-solving skills.

Who can attend

- ❖ Teachers from secondary education.
- ❖ Nominations from NCERT, SCERT and CBSE.
- ❖ Nominations from state education departments.

Why Participate

- ❖ Enhance science education skills
- ❖ Experiential learning
- ❖ Update modern teaching methodologies
- ❖ Develop effective pedagogy and teaching content

Registration Details

- ❖ No registration fee
- ❖ Online registration is mandatory
- ❖ Limited seats are available
- ❖ Visit: www.iisf2024.in

Teachers instill moral values, foster logical thinking, and promote discipline, guiding the younger generation on the path to wisdom. This plays a vital role in the nation-building process. They inspire students and significantly shape the future of our children, and in turn, the future of our nation

Nov 30 to 3rd Dec 2024

Aspiring Educators and Teachers Workshop The Gurukula

Objectives

- ❖ Promote experiential and hands-on learning in science education
